Custom Packaging

What better way to advertise your business than with Hospitality Mints. We can customize wrappers with your logo. Choose from our wide variety of wrapper colors and ink colors.

Left, you see our hotstamp process. It is a one color image on the wrapper of your choice, (white is most often used and will be sent to you unless you request a colored wrapper or a clear wrapper). This process is for orders of ten cases or less, for one time only orders, and/or for metallic gold and metallic silver ink. Plates are kept on file for 18 months and will be discarded unless reordered within this time frame. This printing process only allows imprinting on the front of the wrappers. A new order is available for \$50.00(V) plate charge with a turn-around time of 10-12 working days after receipt of order and art. A reorder is available for \$7.50(V), per color, reorder fee with a turn-around time of 5-7 working days. There is no additional charge for white or clear wrappers. Colored, metallic gold, and metallic silver wrappers add an additional \$10.00(V) per case. Rush service is available for \$50.00(V).

Please note, the following products require a lead time of 20 working days: Anise Mints, Chocolate Orange Mints, Pinstripe Peppermints, and Ice Mints.

CUS (1,000 or 650* case count)

Custom Packaging

Right, you see our flexographic process. This process requires a 10 case minimum. One, two, or three color imprint is available for \$50.00(V) plate charge per color. This process does not offer metallic inks. White is the most often used wrapper and will be sent to you unless a colored or clear wrapper is requested. There is no additional charge for white or clear wrappers. Colored, metallic gold, metallic silver, and translucent wrappers add an additional \$10.00(V) per case. This process allows PMS matches, more detail, screening of imprint colors, and printing on both sides of the wrappers. We offer two sizes of wrappers large and small. The large wrapper is used for most flavors. The small wrapper is used for fruit buttons, starlite mints, ice mints and pinstripes when ordering 10 cases or more. There are some limitations of the printing capabilities on the small wrappers and they are only available in white, clear, gold and silver film. Please call customer service for more details. The turn-around time on a new order is 10-12 working days after receipt of order and art. A reorder is available for \$7.50(V) per color reorder fee with a turn-around time of 5-7 working days. Rush service is available for \$50.00(V).
